

Tailored reinsurance solutions to help you better manage risk

As the global reinsurance environment continues to evolve, you need new ways of thinking and better ways of working. AXIS Global Accident & Health offers the experience, risk appetite and commitment to engage our partners quickly and decisively on reinsurance solutions.

AXIS Global Accident & Health delivers international solutions with agility, accessibility and responsiveness. Our knowledgeable staff has experience and expertise in the all of the countries where we do business.

Fostering **CONSULTATIVE PARTNERSHIPS** in the global reinsurance market

Our team of seasoned reinsurance underwriting and claims professionals has longstanding broker and client relationships, excellent reputations in the industry and a commitment to helping our partners reach their long-term goals.

AXIS Global Accident & Health can provide reinsurance coverage and services for

- > Domestic life, health and property & casualty insurers
- > International life, health and property & casualty insurers
- > Producer captives
- > Managing general underwriters
- > Employee benefits captives

UNDERWRITING EXPERTISE dedicated to delivering the best coverage solutions

With a team of experienced underwriters who specialize in accident and health reinsurance risks, AXIS Global Accident & Health can work with you to design the best financial solution for you and your clients. We offer:

- > Robust capacity for both per person and per occurrence coverage
- > Direct, consultative access to our experienced staff of underwriters and actuaries
- > Flexible treaty terms and multi-year programs to build the best solution to your coverage needs

Accident Risks

AXIS Global Accident & Health can provide global reinsurance coverage on a treaty or facultative basis for several types of accident risks through an excess of loss, quota share or aggregate structure with reinsurance limits **up to \$50 million per occurrence and \$5 million per person**.

Coverages can include:

- > Accidental death, disability and dismemberment
- > Business and leisure travel accident
- > Accident carve-outs of life insurance
- > Accidental death benefit riders
- > Catastrophe excess of loss
- > Credit card programs
- > Limited personal lines, such as personal liability

Health Risks

AXIS Global Accident & Health also offers coverage on a quota share or excess basis for **up to \$5 million per person for health risks**.

Coverages can include:

- > Excess health insurance*
- > Critical illness
- > Accident medical insurance
- > Expatriate medical
- > Specialty health risks

**not quota share employer stop-loss*

Collaborative communication for timely CLAIMS MANAGEMENT

AXIS Global Accident & Health's seasoned reinsurance team includes claims management specialists and attorneys who understand all aspects of the insurance and reinsurance industries, including laws and regulations that may affect claims management.

The claims team communicates frequently with our clients and partners to review and pay claims as timely as possible. The team also informs and consults on industry trends and cost containment mechanisms. The team's experience and knowledge help them work with ceding insurance companies in a more collaborative fashion.

SOLUTIONS that go beyond reinsurance coverage

As part of our reinsurance coverage, AXIS Global Accident & Health can also contribute our expertise through financial and consultative services to

provide the best overall reinsurance solutions for our customers. These services include:

- > **Fronting company solutions** to provide national or state-specific admitted insurance papers
- > **Consultative product development support** from our team of experts in product development, compliance, underwriting and pricing who help our clients create new product solutions
- > **Expert assistance in state regulatory reviews** from a dedicated compliance staff experienced in the complexities and requirements of product approvals in every state
- > **Funding for direct marketing programs and participation** in other carrier partnership solutions
- > **Global environmentalism** with time- and cost-saving electronic premium and claim payments and other online and paperless administrative initiatives
